Story So Far...

When Tae convinces her pretty-boy cousin, Jung-Woo, to switch places with her at their respective schools, it sets off a chain reaction of misunderstandings, mistaken identities and misdirected lust. But even after the duplicitous duo come clean, things still get down and dirty. It seems that local tough-chick Que-Min has taken a keen interest in the always-oblivious Jung-Woo, who doesn't even know her name. But one name he'll never forget is that of resident bad-ass Ghoon Hahm, who inexplicably makes Jung-Woo the recipient of one serious beat-down.

Jung-Woo Im

Your typical lone wolf, his pretty boy looks get him more attention than he'd like—especially from local gang leader Gheon-Hahm

Que-Min Ghun

A former tough-chick trying to leave her past behind her. She's got a thing for poor Jung-Woo now if he could only remember her name

Ghoon-Hahm Che

He's made Jung-Woo the recipient of almost daily butt-kickings. Is it that he just doesn't like the pretty-boy's face or that Que-Min does?

Tae Yeon Im

Jung-Woo's identical cousin—her good intentions frquently put him in chaotic situations

Ga-Woon Kim

Pure Water High's resident bully, and one of the many who seem to enjoy handing out beatings to the oblivious Jung-Woo, until Tae sets him straight.

Kun Kang

A male model who has reached idol status. Kun's glamorous newfound celebrity hides a rough and tumble past.
